precautions.

Storage:

Store properly at room temperature.

8. Exposure Controls/Personal Protection:

Precautions for safe handling: Ensure good working hygiene – wash hands before eating, drinking, etc.

Respiratory protection: Not relevant.

Hand protection: Wear protective gloves.

Eye protection: Wear safety glasses by risk of splashes.

9. Physical and Chemical Properties:

Odour:

Appearance: Liquid yellowish

pH: -

Boiling point: -

Flash point: 89°C

Vapour pressure: -

Density: 0,970-1,010 g/m³

Solubility-water: no

10. Stability and Reactivity:

The product is stable under normal conditions.

11. Toxicological Information:

Inhalation: Not relevant. No dangerous vapours over the product.

Skin contact: Prolonged or repeated skin contact can cause dry skin.

Eye contact: Momentary irritation.

Ingestion: Ingestion of large quantities may cause nausea.

Chronic effects: No other known effects.

12. Ecological Information:

No data are available for this material.

13. Disposal Considerations:

The product is not classified as dangerous disposal.

Dispose in accordance with the local waste regulations.

Prepared: 17-03-2003
Replaces:

150 French Thick-oil

14. Transport Information:

The product is not considered dangerous goods.

15. Regulatory Information:

In accordance with EU Directives/Ordinance on Hazardous Materials this product does not have to be classified nor labelled.

16. Other Information:

Sources of key data used to compile this data sheet:

The information in this safety data sheet is based on the information available to Schjerning Farver A/S at the time of preparation.
